Pinewood Centre – 300 Centre Street South
PASS Groups

Life Skills

- Sunday to Saturday
- A series of educational groups facilitated by addiction counselors based on the harm reduction model of care.
- Topics include: Boundaries, Relapse Prevention, Stigma, Communication, etc.

Auricular Acupuncture

- Tuesday and Thursday at 2:00 PM
- A non-verbal approach to healing that involves the gentle placement of five small needles into specific sites on each ear
- The treatment lasts for about 45 minutes in a group setting.

Guided Imagery

- Fridays at 10:30 AM
- The facilitator will guide clients through a meditative exercise
- Promotes relaxation and mindfulness skills

Hope Group

- Thursday at 10:00 AM
- Hope group will help clients to share their struggles in an open and safe environment so that people can share freely and authentically, while seeking for sources of hope in the midst of their struggles
- This group is facilitated by Lakeridge Health's Spiritual Health Practitioners

Overdose Prevention Group

- Last Monday of every month at 2:00 PM
- Facilitated by a member of the Pinewood Opiate Case Management Team

Planning for the Weekend

- Every other Friday at 2:00 PM
- Allows clients to identify and plan for high-risk situations

Positive Care Clinic

- Wednesdays from 9am-12pm
- The PCC offers Point of Care Testing (POCT) for Hepatitis C and HIV. This can be completed in 20 minutes with a few drops of blood from a finger prick using a device with a small needle. The results will be immediate.
- The PCC is able to book an appointment with an Infectious Disease Doctor at either the Whitby or Peterborough clinic.
- Nursing health teaching regarding preventative strategies to AVOID acquiring HIV and Hep C
